Why select me?

From the moment I take on a project, you can cross it off your list of worries and sleep easy.

Meeting deadlines and giving my best in each project is my number one priority.

Why trust me?

*I am creative, detail-oriented and produce high-quality work. I also have a good knowledge of the traditional arts.

*Building relationships and collaborations with clients and work colleagues is natural for me.

*I am sociable and a problem solver so it is very easy to work with me.

Background

I have a degree in Advertising and Public Relations, and also completed a degree in Audiovisual Communication. Upon graduation, I was awarded the "End of Year Extraordinary Prize" in both degrees.

I then spent a few years with production companies such as "Luzdemente" or "La Claqueta" and my passion for audiovisual creativity led me to specialize in illustration/ animation. The wonderful "School of Motion" has been my main mentor!
